

## Views and Waterways Road Rally - Questions

This 69km rally should take you approximately 1.5hrs to complete and will begin and finish at the same location. Along the way you will be taken for a scenic country drive through the quaint rolling hills and countryside farmlands of the area. You'll also be taken near a historic downtown providing the opportunity for shopping, dining, or overnight accommodation.

You are looking for permanent signage or landmarks. Keep in mind that all odometers are not the same; when you get close to the directed distance, slow down and start looking.

When you're done, take the boxed words (   ) from the correct answers (see questions\*\*) to formulate the subject line of an email. Send the email to [info@northumberlandtourism.com](mailto:info@northumberlandtourism.com) and you'll receive an automatic response with the answers.

You'll want to familiarize yourself with these short form terms before you begin:
